구조시스템연구실(SSL) 연구실원 모집

연구교수/박사후연구원/박사과정/석박사통합과정/학석사통합과정/학사과정

구조시스템연구실(SSL)은 구조공학분야를 함께 할 연구실원을 초대합니다.
구조물의 설계, 해석, 시공, 유지관리 등에 관심이 있는 분들을 환영합니다.
다양한 프로젝트와 연구과제를 통해 학문적 배움과 경제적 도움 외에도
경험과 경력을 쌓을 수 있고,
축적된 SSL만의 국내외 네트워크를 통해 정보와 문화를 교류할 수도 있습니다.
과거를 공유하고, 현재와 미래를 함께 하세요.

추가 정보와 상담은 연구실에 문의하길 바랍니다.

International Application for the Following Position

Postdoctoral, PhD and Master's Researcher Positions at the Structural System Laboratory

The Structural System Laboratory (SSL) in the Department of Civil & Environmental Engineering (specially Structural Engineering), Kongju National University, has established itself as a leading laboratory in South Korea with continuous developments in the relevant engineering researches in the field of Civil & Environmental Engineering. We have been undergoing for several research projects by the South Korean Government. Through stable financial supports for the SSL members, our aim is to make the selected research teams as world-leading research groups.

For Postdoctoral & Research Professor Applicants:

Based on several public and private grant, we are inviting promising foreign researchers to join our team as a post-doctoral researcher and research professor. Monthly starting salaries are US \$2,500 and \$3,500 for a post-doctoral researcher and a research professor, respectively. The amount of them can be negotiated or positively adjusted depending on the applicant's competitiveness and forthcoming research contributions. Also the initial settlement support about US\$ 1,000 will be paid. The initial appointment will be for one year (starting as soon as possible) and can be renewed based on the previous research achievements. Applicants should have a doctoral degree in structural engineering including structural dynamics, earthquake engineering, and system identification. And excellent skills in English communication (written and verbal) are highly preferred.

For Master's & PhD Applicants:

Based on several grants, including Brain Korea 21st Century Plus (BK21+) grant, our team is inviting sincere

international and Korean applicants for master and doctoral degrees. Monthly stipends and settlement supports, incentives depending on performances as well as tuition fees and insurance will be supported based on the laboratory financial supporting system. Applicants should have enthusiasm in research, and excellent skills in English communication (written and verbal) are highly preferred.

We prefer applicants who are able to publish international journal papers ranked as SCI or SCIE during his/her appointment in the laboratory with their own creative research topics. Interested applicants must submit their curriculum vitae with a brief research plan to Prof. Dookie Kim (kim2kie@gmail.com).
